When using points in the past, renewals scored higher because of how points look

Things we control and things we can't

Impact of recommendations / rankings on gaps in the system

Scorecard elements – Narrative with clear scoring rubric; Performance elements - NCCEH recommends gradients so a glitch doesn't wipe out the score all together (eg if under 10 ppl served, look at it differently)

Next steps - Highlighting HUD requirements and community priorities

RBW get clarity from ESG on project applicants
