### System Updates

- System Performance Measure corrections are on their way

- By Name List Report has an issue pulling in CE Event
  - NCEH working with WellSky to correct! Use as-is for basic client info.

### How can we help?

- System Performance Measure Corrections:
  - Overlaps can be between homeless projects or homeless and permanent housing projects
  - Avoid Interim Update and Annual Assessments pitfalls by following the 'flow' of data timeline
- Living Situation clarity: when is a Hotel/Motel homeless vs temporary?
  - If a non-profit pays, it's homeless shelter
  - Anything private, it's temporary housing (but could still qualify as Cat 2!)
- Dashboard Reports – intermediate use
  - Use Question 15 for Prior Living Situation
  - Use Question 21 for Health Insurance
  - Use Question 22 for Time to Housing Move-In Date

### What's Next

- Reflection about Training Poll results, what would help Orange Users most?
- Calendar review for upcoming federal reports (PIT/HIC & SPM) and HMIS users meetings
