

<b>First Name</b>	Chinita	Sherita	Michele	Kim
<b>Last Name</b>	Howard	Cobb	Wells	Crawford
<b>Title</b>	CEF NEW MEMBER ORIENTATION COORDINATOR	Director of Student Support Services	Founder	ESG / Homeless Programs Coordinator
<b>Agency</b>	COMMUNITY EMPOWERMENT FOUNDATION	Orange County Schools	Run On Productions LLC	DHHS_DAAS ESG Office
<b>There are several categories of organizations/people recommended to serve on boards like the Leadership Team. Members are not required to be in any of these groups but it is helpful for us to know this information. Please check any of these groups you are affiliated with in any capacity:</b>	Person with lived experience of homelessness	School Administrators	Law Enforcement, Advocates for veterans, people experiencing chronic homelessness, or persons with HIV/AIDS, Person with lived experience of homelessness	Local Government Staff/Officials
<b>Why are you interested in joining the OCPEH Leadership Team?</b>	I firmly that we can end homelessness in Orange County.	As a school administrator I am constantly working with families that have or are experiencing homelessness	I want to help those who are experiencing homelessness to rebuild their lives.	I have worked with a number of organizations in Orange County, I have volunteered with Orange County events focused on homelessness. Appreciate the hard work OCPEH has put forth in ending homelessness, and would like to participate in furthering that goal.
<b>How will your background, talents, and skills help Orange County end homelessness?</b>	PERSONAL EXPERIENCE, Motivational Speaker, many years of fund raising.	I supervise Social Workers, Counselors and Nurses and bring a broad spectrum of resources and supports from the schools.	I bring the perspective of someone who has experienced homelessness and who now works to serve the homeless population through my program Theater for Humanity.	I am a former executive director of a local homeless shelter, food pantry, and soup kitchen. I have served on a number of local and statewide committees involved with homelessness. I am familiar with a number of programs, activities, concepts, and funding (shelters, rapid rehousing, coordinated entry). I believe my background and skill set could help Orange County with its goal to prevent and end homelessness.

<b>Why are you interested in joining the OCEPH Leadership Team?</b>	I'm looking for a more solid way I can contribute to solving systemic problems related to homelessness and helping end homelessness in Orange County, and OCEPH seems to do concrete work that really helps with those things. I'd love to join and help in any way that I can!	As a nurse, I have always been interested in service-oriented work. Being a part of OCEPH not only helps service the community, which translates to a more well community, but also would help fill a long desire I have had to become more involved in service volunteer work.	As a resident of Orange County, I am interested in the wellness of our community as a whole. As a parent I am concerned with the struggles of homeless children and the stress it places on their families. As a child, I was displaced and homeless for a short period of time before being put in foster care. The experience made a lasting impression in my life, especially the helpers involved, and the impact they had on me personally was invaluable. I am excited at the possibility of participating in a group that offers the same type of help I once received.
<b>How will your background, talents, and skills help Orange County end homelessness?</b>	The biggest thing that I can offer the Leadership Group is my willingness to enthusiastically listen, research, learn, and then act based on that information. I do not have a lot of experience working with homeless individuals or on homelessness problems, but I have done a good amount of research on policy and systemic problems related to homelessness in the area and am dedicated to learning and doing more.	As a nurse, I have been taking care of patients with complex needs for 17 years. My education as a master's prepared nurse and in health administration I believe provides me with some leadership skills and perspectives that I hope could be of value to OCEPH.	I serve on the Charity committee at The American Board of Pediatrics where I have worked since 2009 as a researcher/credentialer. I have helped organize several large and ultimately successful projects working with groups selected by our organization each year. This has been extremely meaningful to me and because of that, I am committed to joining a team like OCEPH. I am detail oriented, punctual, have experience in project management, and work well in groups wherein a common goal is established.
