Jan-2018	Stacey	Curelop		Clinical Trial Manager, MPH	Viamet Pharmaceuticals	Youth Advocates	I've always been interested in ending homelessness	I'm a music leader and work with the Youth group at my church (we're always looking for volunteer opportunities). I've been involved in music therapy by singing in the UNC hospital "door-to-door" program. I've been a project manager for 5+ years and I'm very organized. I had a small business of home staging and enjoy making a house a home.	all checked

Nov-2018	Aidan	Malsbary	He/his	Teacher	Chapel Hill-Carrboro City Schools	Lesbian, Gay, Bisexual, Transgender (LGBT) Advocates, LGBT Service Organizations, Teacher	I am interested in helping shape how Orange County addresses homelessness especially LGBTQ youth and adults.	I am part of the Transgender community which faces high rates of homelessness, especially youth. I could help in bringing the issues the Transgender community deals with, to light and hopefully start a youth LGBTQ drop in center in Chapel Hill or Carrboro.	all checked
Nov-2018	Steven	Campbell	He/his	Computer (Data) Analyst	Orange County Health Department	Local Government Staff/Officials	I feel like I am at a point in my life that giving back and helping others is of utmost importance. This is a great opportunity for me to help a great cause. I also have a son diagnosed with schizophrenia whom I worry about becoming homeless should he ever decide to stop with his medication. Working with this organization will help give me insight on dealing with him should homelessness ever become his fate.	I work with the analysis of data daily basis. There are lots of data points on homelessness that I could help process. I also have close relationships with churches throughout Orange County that may be willing to collaborate with OCEPH.	all checked

Nov-2018	Katie	Wright	She/her	Director of Programs	Carolina Outreach	Mental Health Service Organizations, Substance Use Service Organizations, Youth Homeless Organizations, Youth Advocates, Agencies that serve survivors of human trafficking, Advocates for veterans, people experiencing chronic homelessness, or persons with HIV.AIDS	I would like to be more involved in addressing/ending homelessness where I live (in Orange County) and would like my agency to be more involved in these efforts in Orange County.	I have over 20 years of experience working in the mental health field with adults with mental health and substance abuse issues and am committed to linking clients with needed services as well as creating services where services are lacking in the community.	all checked
Nov-2018	Beth	Schehl	She/her	N/A	Formerly with NGOs in international development focused on maternal/child health. Currently managing website design & maintenance, printing & distribution of father-in-law's book.		I am concerned about homelessness in our community and would like to help others who have not been as fortunate as I. My brother was a lifelong drug addict, who was frequently homeless. I have witnessed the treatment and obstacles he experienced and how those contributed to his inability to avoid homelessness permanently.	I have some understanding of the complexities of addressing homeless in certain populations given exposure to my brother's interactions with law enforcement, courts, mental health facilities and housing agencies, including Pathways To Housing DC. I have volunteered for agencies addressing homelessness, including IFC and OCPEH's PIT count and Project Connect. I care and I have a lot of free time now to devote to this cause. I am interested in learning more and contributing in ways I can and you need. I am a former procurement & logistics specialist and computer programmer, database manager & network administrator. Having twice assisted with data entry at Project Connect, I think I could help you improve the design of the data collection and entry for relevance (consistency of responses) and accuracy in data entry.	all checked
Nov-2018	Willie	Quick	He/his	Sergeant	Town of Carrboro Police Department	Law Enforcement	In my years of working with the homeless and at risk, I believe I have developed a useful perspective that could benefit the team with developing effective, long-term strategies to combat this issue.	As a police officer, my interactions with homeless individuals consumes a significant portion of my work-related encounters. During these interactions, I make it a point to observe the situations, ask how I can help and stay current on resources available to help our citizens overcome homelessness. I approach every aspect of my job with compassion, discernment and discretion. The homeless or at risk population represent the epitome of citizens who need this type of advocacy approach. I have volunteered with the Project Connect event 2 of the last three years. I make it a point to provide my agency with updated resource pamphlets compiled by the OCPEH.	all checked
